Dear Hiring Manager,

I am writing to express my interest in the Frontend Developer position at Tech Innovators Inc. With over 3 years of experience building responsive and user-centric web applications using React, I am confident in my ability to contribute to your team.

In my previous role, I collaborated with designers and backend developers to deliver seamless user experiences, and I am excited about the opportunity to bring the same energy and skillset to your innovative projects.

Thank you for considering my application. I look forward to the opportunity to discuss how my background and passion align with your goals. Attachments: Resume.pdf,
